Operations of the Board of Directors

Director Nomination Process

SPACEHAB's director nominees are approved by the Board after considering the recommendation of the Corporate Governance and Nominating Committee.

A Board of seven directors will be elected at the Annual Meeting. The Company's Articles of Incorporation provide that, with respect to any vacancies or newly created directorships, the Board will nominate such individuals as may be specified by a majority vote of the then sitting directors.

Regarding nominations for directors, the Corporate Governance and Nominating Committee identifies nominees in various ways. The Corporate Governance and Nominating Committee considers the current directors that have expressed interest in, and that continue to satisfy, the criteria for serving on the Board as established by the Corporate Governance and Nominating Committee. Other nominees may be proposed by current directors, members of management, or by shareholders. From time to time, the Corporate Governance and Nominating Committee may engage a professional firm to identify and evaluate potential director nominees, but has not paid any of such fees to date. The Corporate Governance and Nominating Committee considers the Board at a strategic level looking for industry and professional experience that complements the Company's goals and direction. The Corporate Governance and Nominating Committee has established certain criteria it considers as guidelines in considering nominations for the Board of Directors. The criteria include:

- the candidate's independence;
- the candidate's depth of business experience;
- the candidate's availability to serve;
- the candidate's integrity and personal and professional ethics;
- the balance of the business experience on the Board as a whole; and
- the need for specific expertise on the Board.

The criteria are not exhaustive and the Corporate Governance and Nominating Committee and the Board of Directors may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The Corporate Governance and Nominating Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In order to ensure that the Board consists of

members with a variety of perspectives and skills, the Corporate Governance and Nominating Committee has not set any minimum qualifications and also considers candidates with appropriate non-business backgrounds. Other than ensuring that at least one member of the Board is a financial expert and a majority of the Board members meet all applicable independence requirements, the Corporate Governance and Nominating Committee does not have any specific skills that it believes are necessary for any individual director to possess. Instead, the Corporate Governance and Nominating Committee evaluates potential nominees based on the contribution such nominee's background and skills could have upon the overall functioning of the Board.

Committees of the Board of Directors

During fiscal year 2008, the Board of Directors had three standing committees: an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Each committee currently consists of three persons and each member of the Audit, Compensation and Corporate Governance and Nominating Committees are required at the minimum to meet the "independence" requirements of the Nasdaq Capital Market's Marketplace Rules.

Each of the Board committees has adopted a charter that governs its authority, responsibilities and operation. The Company periodically reviews, both internally and with the Board, the provisions of the Sarbanes-Oxley Act of 2002, and the rules of the SEC and NASDAQ regarding corporate governance policies, processes and listing standards. In conformity with the requirement of such rules and listing standards, we have adopted a written Audit Committee Charter, a Compensation Committee Charter, and a Corporate Governance and Nominating Committee Charter. The Audit Committee Charter, as well as the charters of the Compensation Committee, and the Corporate Governance and Nominating Committee may all be found on the Company's web site at www.spacehab.com under "Investor Info" or by writing to SPACEHAB, Incorporated, 907 Gemini Street, Houston, Texas 77058, Attention "Investor Relations" and requesting copies.

The Board of Directors has determined each of the following directors to be an "independent director" as such term is defined by Rule 4200(a)(15) of the NASDAQ Marketplace Rules: Mark Adams; R. Scott Nieboer; John A. Oliva; William F. Readdy; and Barry A. Williamson. The Board of Directors has also determined that each member of the Audit Committee and the Compensation Committee, and a majority of the members of the Corporate Governance and Nominating Committee during the past fiscal year met the independence requirements applicable to those Committees prescribed by NASDAQ and SEC rules.

The Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee was created by the Board of Directors on February 17, 2004. The Corporate Governance and Nominating Committee's charter was adopted by the Committee and approved by the Board on May 13, 2004. The charter is available in the "Investor Info" section of the Company's web site at www.spacehab.com. The primary purpose of the Corporate Governance and Nominating Committee is to provide oversight on the broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board members and recommending to the Board director nominees for the next Annual Meeting of Shareholders. The majority of the directors who are members of the Corporate Governance and Nominating Committee are independent directors that meet the requirements of NASDAQ and SEC rules. As of the end of fiscal year 2008 the Corporate Governance and Nominating Committee consisted of Mr. Mark Adams (Chairman), General (Ret.) Lance W. Lord, and Mr. Barry A. Williamson. During fiscal year 2008, the Corporate Governance and Nominating Committee met one time.

The Audit Committee

The Audit Committee is composed solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Audit Committee and approved by the Board of Directors on May 13, 2004. The charter is available on the Company's web site which is www.spacehab.com. The Audit Committee is responsible for appointing and compensating a firm of independent registered public accountants to audit the Company's financial statements, as well as oversight of the performance and review of the scope of the audit performed by the Company's independent registered public accountants. The Audit Committee also reviews audit plans and procedures, changes in accounting policies, and the use of the independent registered public accountants for non-audit services. As of the end of fiscal year 2008, the Audit Committee consisted of Mr. Oliva (Chairman), Mr. Adams, and Mr. Nieboer. During fiscal year 2008, the Audit Committee met four times. The Board of Directors has determined that John A. Oliva met the qualification guidelines as an "audit committee financial expert" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated by the SEC.

The Compensation Committee

The Compensation Committee is composed solely of independent directors that meet the requirements of NASDAQ and SEC rules and operates under a written charter adopted by the Compensation Committee and approved by the Board of Directors on May 13, 2004, and amended on May 12, 2005. The charter is available on the Company's web site which is www.spacehab.com. The Compensation Committee is responsible for determining the compensation and benefits of the Chief Executive Officer and all executive officers of the Company and establishing general policies relating to compensation and benefits of employees of the Company. The Compensation Committee also administers the Company's 2008 Stock Incentive Plan, the 1994 Stock Incentive Plan, the 1995 Directors' Stock Option Plan, and the Employee Stock Purchase Plan in accordance with the terms and conditions set forth in those plans. As of the end of fiscal year 2008 the Compensation Committee consisted of Mr. Adams (Chairman), Mr. Readdy, and Mr. Oliva. During fiscal year 2008, the Compensation Committee met four times.

Code of Ethics and Business Conduct

The Company's Code of Ethics and Business Conduct applies to all directors, officers, and employees of SPACEHAB. The key principles of this code include acting legally and ethically, speaking up, getting advice, and dealing fairly with the Company's Shareholders. The Code of Ethics and Business Conduct is available on the Company's web site at www.spacehab.com and is available to the Company's Shareholders upon request. The Code of Ethics and Business Conduct meets the requirements for a "Code of Conduct" under the National Association of Securities Dealers, Inc. ("NASD") rules and the SEC rules for financial officers.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership with the SEC. Such directors, executive officers, and greater than 10% Shareholders are required by SEC regulation to furnish to the Company copies of all Section 16(a) forms they file. Due dates for the reports are specified by those laws, and the Company is required to disclose in this document any failure in the past fiscal year to file by the required dates. Based solely on written representations of the Company's directors and executive officers and on copies of the reports that they have filed with the SEC, the Company's belief is that all of SPACEHAB's directors and executive officers complied with all filing requirements applicable to them with respect to transactions in the Company's equity securities during fiscal year 2008.

Item 11. Executive Compensation

Compensation Discussion and Analysis

Overview

SPACEHAB provides a range of products and services that focus on the needs of industry, governments and academia requiring access to, and utilization of the unique environment of space. We own and operate spacecraft pre-launch facilities and provide supporting services at three domestic launch sites. We are a developer and operator of space flight hardware assets, a provider of manned and unmanned payload processing services, and an innovator in space commerce and developing space utilization applications. In anticipation of the planned 2010 space shuttle retirement, we began developing new products and services within our strategic focus on the commercial exploitations of space.

Achieving our Company's aspirations requires a highly skilled and highly motivated employee team. Thus, our compensation system is designed to be highly competitive with those of other companies that compete for highly skilled technical employees and executives. Our performance-based compensation system is intended to include incentives for innovation and entrepreneurial spirit.

Guiding Principles

The Compensation Committee strives to achieve our strategic objectives by designing our compensation program to offer competitive base compensation to attract and retain experienced and highly qualified executives while offering incentives to foster the innovation and entrepreneurial spirit necessary for executing our business strategy and rewards for successful achievement of performance goals. In designing our executive compensation program, we are guided by five principles:

- Establish target compensation levels that are competitive within the industries and the markets in which we compete for executive talent;
- Structure executive compensation so that our executives share in SPACEHAB's successes and failures by correlating compensation with target levels based upon business performance;
- Link pay to performance by making a percentage of total executive compensation variable, or "at risk", through an annual determination of performance-based incentive compensation;
- Align a portion of executive pay with shareholder interests through equity awards; and
- Maintain a company-wide entrepreneurial atmosphere by eliminating special "executive only" benefits or prerequisites.

Operation of the Compensation Committee

The Compensation Committee of the Board of Directors administers our executive compensation program. The Committee establishes and monitors the Company's overall compensation strategy to ensure that executive compensation supports the Company's business objectives. In carrying out its responsibilities, the Compensation Committee reviews and determines the compensation (including salary, short-term incentives, long-term incentives and other benefits) of the Company's Chief Executive Officer ("CEO") and certain named executive officers ("NEOs").

For a more complete discussion of the responsibilities of the Compensation Committee, see the Operations of the Board of Directors – The Compensation Committee on page 8, and the charter for the Compensation Committee posted on our web site at www.spacehab.com.

The Compensation Program

The key components of our current compensation program for SPACEHAB executive officers are:

- Base salary;
- Short-term (annual) cash incentives;
- Long-term performance-based and other equity awards; and
- Other benefits.

To remain competitive, the Committee periodically benchmarks our executive compensation program to determine how well actual compensation targets and levels compare to our overall philosophy and target markets. The primary focus of the benchmarking process is on public companies in the aerospace, defense and government contractor industries of similar or otherwise comparable size and complexity. Our benchmarking peer group consists of SpaceDev, Inc.; Integral Systems, Inc.; Axsys Technologies; Ceradyne Inc.; First Aviation Services; Herley Industries, Inc.; Allied Defense Group; Sypris Solutions, Inc.; and Orbital Sciences Corporation. This benchmarking considers information from proxy data for the peer group's CEO and NEOs and was last updated and presented to the Compensation Committee at its September 6, 2006 meeting. Given our size and recent changes in our business and revenue mix, the actual companies used in the benchmarking process may vary from year to year, but generally the comparisons consider practices of other comparable companies with revenues that generally, for Fiscal Year 2008, range from \$10 million to \$700 million.

The Compensation Committee retained an outside consultant, Strategic Compensation Research Associates ("SCRA"), to assist the Committee and to insure that the total compensation, not just base salaries, paid to its executive officers are fair and equitable and are determined in accordance with the Guiding Principles discussed above. The Board of Directors, with the advice of the Compensation Committee and its compensation consultant, met on March 22, 2007 to approve the base salary for Mr. Pickens who assumed the role of CEO on January 1, 2007. The Compensation Committee met on October 15, 2007, December 1, 2007, January 30, 2007 and February 14, 2008 to consider further recommendations of the compensation consultant, grant equity incentive awards to certain officers and employees of the Company and to consider other compensation matters. The Board of Directors met on September 18, 2007, and May 22, 2008 to approve the appointment of other NEOs and to approve base salaries upon those appointments.

Executive Compensation through the Company's Restructuring and Transition Period

In January, 2007, the Board of Directors of the Company initiated a comprehensive restructuring and transition program to wind down the Company's remaining committed space shuttle module missions, reassess the Company's capital structure and reduce Company overhead through a transition period. During this restructuring and transition

period the Company's CEO and certain other NEOs did not have employment agreements and the Compensation Committee suspended its annual stock option grant program and short term cash incentive plan. The Board of Directors recognized that the period of restructuring and transition was essentially completed as of the end of fiscal year 2008. In recognition of the efforts of the Company's CEO, NEOs and certain directors, the Compensation Committee, with the concurrence of the Committee of Independent Directors of the Board of Directors, granted specific equity and cash awards on July 18, 2008.

Other Considerations in Determining Executive Compensation

We believe that our Executive Compensation Program, exclusive of the period of restructuring and transition discussed above, provides consistency and predictability among our senior management that focuses and compensates them on the overall goals of the Company. Each element of our Executive Compensation Program is structured towards specific objectives and accordingly, individual awards are not influenced by gains realized in prior years or awards in other components of Executive Compensation. In accordance with this philosophy, incentive objectives, once determined, are not adjusted for individual executives and stock options once granted, are not repriced except pursuant to the terms of the plan. Unique individual situations, when deemed appropriate by the Compensation Committee, are considered through terms of employment agreements, bonus payments other than bonus pursuant to the Short Term Cash Incentive Plan or individual grants of stock options.

Role of the Compensation Committee and CEO in Determining Executive Compensation

For fiscal year 2008, the Compensation Committee, at the initiative of our CEO, Mr. Pickens, held Base Salaries for our CEO and NEOs unchanged except for new appointments, recognizing the objectives of the Board of Directors for restructuring and transitioning the Company. In July 2007, our CEO, Mr. Pickens provided to the Compensation Committee his recommendations with respect to potential compensation for the NEOs who report to him. Mr. Pickens' recommendations recognized the successful completion of the period of restructuring and transition. The Compensation Committee reviewed and gave considerable weight to these recommendations because of Mr. Pickens' direct knowledge of the other executives' performance and contributions. The Compensation Committee ultimately used its collective judgment along with the advice of its compensation consultant to determine the base salaries, grants of restricted and unrestricted stock, and the size of each stock option grant, in each case for the NEOs. Mr. Pickens, who became our CEO in January 2007 was awarded his compensation based on the collective judgment of the Compensation Committee and upon the advice and consultation of SCRA, the Compensation Committee retained compensation consultant. Mr. Pickens was not present during any discussion or determination of his compensation by the Compensation Committee.

Base Salary

Base salary is designed to compensate our NEOs in part for their roles and responsibilities, and also to provide a stable and fixed level of compensation that serves as a retention tool throughout the executive's career. As of October 30, 2008, the Company has employment agreements with its CEO and all of its NEOs that provide for a minimum base salary. These initial base salaries were set considering each executive's roles and responsibilities at the time he or she joined the Company or the agreements were later negotiated, considering the skills and future potential of the NEO with the Company, along with salary levels for similar positions in our target market. Typically, the Compensation Committee reviews the base salaries of each NEO annually. Adjustments are made based on individual performance, changes in roles and responsibilities, and external market data for similar positions. Salaries are targeted at approximately the 50th percentile for similar positions within our market, based on the Compensation Committee's ongoing review of the benchmarking results.

In general, base salary has been the largest component of our overall compensation package. Short-term cash incentives, discussed below, are targeted at a fraction of base salary amounts and are scaled in accordance with the achievement of performance goals. Long-term equity incentives have had little value over recent years due to the decline in the Company's stock prices resulting from disruptions in the space shuttle program. Due to the impact of these industry disruptions on our short-term cash incentives and long-term equity incentives, base salary currently plays a more substantial role in our overall executive compensation structure than it is intended.

Short-term Cash Incentives

We provide annual incentive awards under our Key Employee Incentive Bonus Plan (the "Bonus Plan") usually in cash. These short-term cash incentives are designed to reward the achievement of specific, pre-set financial results measured over the fiscal year in which that compensation is earned. Generally, we compute the Bonus Plan after the

end of each fiscal year and make the cash awards during the first quarter of the next fiscal year. The Bonus Plan encompasses all employees of the Company based upon maximum award levels stated as a percentage of base salary ("Payout Percentage"). The maximum award levels are set within our salary-grade structure for each salary grade ranging from 5% for all employees below our "Director Level" (the salary-grade level just below Vice President) and range from 25% for Director Level to 50% for Chief Executive Officer.

The Company suspended its Bonus Plan during the restructuring and transition period that extended through fiscal year 2008. For fiscal year 2009, the Compensation Committee has reinstated the Bonus Plan encompassing three equally weighted "Bonus Elements", each based upon specific "Bonus Objectives" set by the Compensation Committee at the beginning of the fiscal year. The sum of the Payout Percentage for each of the Bonus Elements, then is applied to the award levels, discussed in the preceding paragraph, for each employee to determine the Bonus Award. For fiscal year 2007, the Compensation Committee had established the following three Bonus Elements:

- Individual Performance – A Payout Percentage of up to 33% is based upon the officer or employee's performance of his job responsibilities and achievement of individual goals as determined by his supervisor or, in the case of NEOs the Compensation Committee, through the annual performance review process.
- Business Unit Performance – A Payout Percentage of up to 33% is to be awarded based upon financial performance of the officer or employee's Business Unit or Staff Department based upon business unit net income, or staff department net expense, relative to the approved budget for the fiscal year.
- Corporate Performance – A Payout Percentage of up to 33% is to be awarded based upon financial performance of the Company, as measured equally by consolidated revenue compared to fiscal year 2009 budgeted revenue, net income compared to fiscal year 2009 budgeted net income; and fiscal year end 2009 backlog as compared to backlog at the beginning of the fiscal year.

Given the vagaries of the marketplace and the possibility of unforeseen developments, the Compensation Committee has discretionary authority to adjust such awards to reflect actual performance in light of such developments or to make other discretionary adjustments to the overall Payout Percentage or to individual employee bonuses. Bonus maximum award levels range from 30% to 50% of base salaries for our NEOs. On average, we target our short term cash incentives to comprise approximately 15% of the total compensation package of our NEOs.

Long-term Non-cash Incentive Awards

Our long-term incentive awards are used to link Company performance and increases in shareholder value to the total compensation for our NEOs. These awards are also key components of our ability to attract and retain our NEOs. The annualized value of the awards to our NEOs is intended to be a significant component of the overall compensation package. On average, and assuming performance is on target, these awards are targeted to represent up to 40% of the total compensation package, consistent with our emphasis on linking executive pay to Shareholder value.

Our Shareholder-approved incentive plans allow for the granting of stock options based upon SPACEHAB's stock prices in the public markets. Stock options are granted with an exercise price not less than the market price of our common stock on the grant date. Options generally vest over a period of four years with 25% becoming exercisable on each anniversary of the grant date as long as the recipient is still employed by the Company on the date of vesting, and generally expire after ten years. Stock options only have value if the Company's stock price appreciates after the options are granted

Although the Company did not make awards of stock options under its Key Employee Equity Award Plan during fiscal year 2008, stock options are generally granted annually at about the same time as awards of the Key Employee Incentive Bonus Plan. Awards are generally made to all employees, including NEOs, at the Director Level or higher. The target awards are set for NEOs and other employees of the Company based upon salary-grade levels within our compensation system and range from 10,000 shares for Director Level to 41,000 shares for the Chief Executive Officer. The Company's NEOs, other than the Chief Executive Officer receive 30,000 shares.

In July, 2008, the Compensation Committee made special one-time, equity based incentive awards to our CEO and other NEOs reflecting the successful completion of the Company's restructuring and transition process. These awards consisted of grants of 1,100,000 shares of common stock and 100,000 stock options to our CEO and grants of 150,000 shares of common stock to Mr. Mark Adams, a director and 200,000 shares to Mr. Barry Williamson, a director along with cash bonuses of \$350,000; \$27,500; and \$36,200 respectively. The Compensation Committee on July 18, 2008 also awarded 200,000 shares of restricted stock and 75,000 stock options to Mr. Royston, 150,000

shares of restricted stock and 50,000 stock options to Mr. Harrington and 50,000 shares of restricted stock and 87,500 stock options to Mr. Lord, each being NEOs of the Company. The stock options granted to NEOs in this special one-time equity based award were granted with a term of 2 years and with full vesting on January 15, 2009. The restricted stock grants vest 50% on January 15, 2009, 25% on January 15, 2010 and 25% on January 15, 2011.

Stock awards, restricted stock grants and Stock option awards were made in July, 2008 in amounts for our NEOs as set forth in the table labeled Fiscal Year 2008 Grants of Plan-Based Awards on page 14.

Benefits

Our benefit programs are established based upon an assessment of competitive market factors and a determination of what is needed to attract and retain high caliber executives. SPACEHAB's primary benefits for executives include participation in the Company's broad-based plans: the 401(k) Plan, the Company's health, dental and vision plans and term life and disability insurance plans. The Company also provides certain executives, including some NEOs, with supplemental disability insurance. This plan offers additional income protection to Senior Vice Presidents and above and is provided to supplement the monthly benefit amounts that are capped in the general disability policy. The Company provides 1.5 times the NEO's annual base salary to a maximum of \$300,000 in term life insurance and pays the premium for such insurance. The fair value of premiums paid in excess of IRS limitations are included as other income reported for the NEO.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its NEOs. The agreements provide that the Company shall indemnify and hold harmless each indemnitee from liabilities incurred as a result of such indemnitee's status as an officer, or employee of the Company, subject to certain limitations.

Post-Termination Compensation

The Compensation Committee believes that severance benefits and change of control benefits are necessary in order to attract and retain the caliber and quality of executive that the Company needs in its most senior positions. These benefits are particularly important in an industry subject to rapid technical change and influenced by changes in political priorities, providing for continuity of senior management and helping executives focus on results and strategic initiatives.

Subsequent to the end of fiscal year 2008, each of our NEOs, with the exception of Mr. Lord who has not yet executed an employment agreement, have entered into employment agreements with the Company that provide for severance payments and benefits if termination occurs without "cause" or if the executive leaves for "good reason". There is also additional compensation provided in circumstances following such termination after a "Change in Control," as defined in the employment agreement. Additional information regarding the severance and change in control payments, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on June 30, 2008 and assuming such employment agreements were in effect at such time, is found under Potential Payments upon Termination or Change in Control beginning on page 17.

Stock Ownership Guidelines

The Company has not established stock ownership guidelines.

Tax Deductibility Policy

The Compensation Committee considers the deductibility of compensation for federal income tax purposes in the design of the Company's compensation programs. We believe that all of the incentive compensation paid to our NEOs for fiscal year 2008 qualifies as "performance-based compensation" and thus, is fully deductible by the Company for federal income tax purposes. While we generally seek to ensure the deductibility of the incentive compensation paid to our NEOs, the Compensation Committee intends to retain the flexibility necessary to provide cash and equity compensation in line with competitive practice, our compensation philosophy, and the best interest of our shareholders even if these amounts are not fully tax deductible. The employment agreements between the Company and its CEO and other NEOs provide for interpretation, operation and administration consistent with the intent of Section 409A of the Internal Revenue Code, to the extent applicable.

Composition of the Compensation Committee

The Company's Compensation Committee consists of Mr. Mark Adams (Chairman), Mr. William F. Readdy and Mr. R. Scott Nieboer. Mr. Barry A. Williamson served as Chairman of the Compensation Committee until February,

2008. Mr. Adams is President and Chief Executive Officer of Advocate MD Financial Group, Inc. (“Advocate”). Mr. Pickens serves on the Board of Directors of Advocate; however, Mr. Pickens is not a member of the Compensation Committee of Advocate.

Tejas, Inc., a company related to the Company by Mr. Williamson as a member of the Board of Directors, has owned significant common stock holdings of the Company from time to time. Tejas, Inc. does not currently have beneficial ownership of five percent or more of the Company’s common stock. PMB Helin Donovan LLP, the Company’s independent auditor also audits Tejas, Inc.

Compensation Committee Report

SPACEHAB, Incorporated’s Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by item 402(b) of Regulation S-K and, based on such review and discussion, has recommended to the Board of Directors that such Compensation Discussion and Analysis be included in Form 10-K for fiscal year ended June 30, 2008.

Executive Compensation

The Summary Compensation Table provides compensation information about SPACEHAB’s principal executive officer, principal financial officer and the most highly compensated executive officers other than the principal executive officer and principal financial officer. Additionally, the table also lists the Company’s former principal operating officer who served as an executive officer during part of fiscal year 2008, but who was not an executive officer at fiscal year-end and whose total compensation earned for the portion of the year served would otherwise make such former executive one of the three most highly compensated executives for fiscal year 2008.

Employment Agreements

Subsequent to the close of fiscal year 2008, the Company entered into employments agreements with Mr. Pickens, Mr. Harrington, and Mr. Royston. The Company and Mr. Lord have also agreed upon terms of an employment agreement, however, a written agreement has not been executed as of the date of this report. Mr. Bowker had an employment agreement at the time of his termination of employment. Each employment agreement and the terms of agreement with Mr. Lord sets forth, among other things, the NEO's minimum base salary, bonus opportunities and provisions with respect to certain payments and other benefits upon termination of employment under certain circumstances (such as without "Cause" or leaving employment for "Good Reason," as defined in the agreements) or, in certain agreements, after a change in control of the Company. Please see Potential Payments Upon Termination or Change in Control beginning on page 17 for a description of such provisions and for a description of post separation payments paid to Mr. Bowker.

The minimum base salary set in the employment agreement for Mr. Pickens is \$360,000, Mr. Lord is \$175,000, Mr. Harrington is \$225,000, and for Mr. Royston is \$210,000. Mr. Bowker was paid his salary pro rata through the date of his resignation from the Company on May 23, 2008.

The NEOs participate in the Key Employee Incentive Bonus Plan in accordance with the terms of the plan which includes all employees of the Director Level and above. In accordance with that Plan, Mr. Pickens receives a maximum bonus of 50%, Mr. Lord 30%, Mr. Harrington 30%, and Mr. Royston 30%. In accordance with the plan, Mr. Bowker was eligible to receive up to 35%.

Awards

In August 2006 the Compensation Committee last awarded stock options to the Company's NEOs in accordance with the Annual Stock Option Grant Program. The Compensation Committee also awarded bonuses to employees other than NEOs under the Key Employee Incentive Bonus Plan for fiscal year 2006. The Company since failed to achieve any of the Bonus Objectives in the Key Employee Incentive Bonus Plan for fiscal year 2007 and, accordingly, no bonuses were awarded. The Board of Directors suspended the Key Employee Incentive Bonus Plan during fiscal year 2008. The Compensation Committee also did not award stock option grants under the Annual Stock Option Grant Program for fiscal years 2007 and 2008.

Salary and Bonus in Proportion to Total Compensation

As noted in the Compensation Discussion and Analysis beginning on page 8, we believe that a substantial portion of each NEO's compensation should be in the form of performance based awards, including stock option awards. During fiscal year 2008, the Company suspended its Key Employee Incentive Bonus Plan and, accordingly, no Incentive Bonus Awards were made. Total compensation of our NEOs, was substantially all in the form of base salary and benefits. The Compensation Committee believes that our current compensation program is out of line with the changing industry environment of the space industry and the required entrepreneurial commitment of its NEOs and has engaged its compensation consultant to assist the committee in developing a new equity incentive based compensation structure for fiscal year 2009 and later years.

Pension Benefits

All employees of the Company, including NEOs are eligible to participate in the SPACEHAB 401(k) plan. In accordance with this plan, employees are eligible to contribute up to 25% of their base salary subject to Internal Revenue Service limitations into the plan with all such contributions being fully vested upon contribution. The Company will match, dollar for dollar, up to 5% of the employee's contributions. Employer contributions into the plan vest pro-rata after 3 years of vesting service and are fully vested thereafter. The Company has no additional Pension Benefits for its NEOs.

The Company has no Nonqualified Deferred Compensation Plans and none of the NEOs have accrued any benefits or rights to payments other than the SPACEHAB 401(k) Plan and potential payments upon termination discussed below.

Potential Payments Upon Termination or Change in Control

As noted under Compensation Discussion and Analysis – Post-Termination Compensation on page 12, the Company has entered into employment agreements with all of the NEOs that provide for payments and other benefits in connection with the officer's termination for a qualifying event or circumstance and for enhanced payments in connection with such termination after a Change in Control (as defined in the applicable agreement). A description of the terms with respect to each of these types of terminations follows.

Termination Other Than After a Change in Control

The employment agreements provide for payments of certain benefits upon the termination of the employment of the NEO. The NEO's rights upon termination of his or her employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of "Cause" and "Good Reason" that are used in those agreements. For purposes of the employment agreements, the Term of Employment may be terminated at any time by the Company upon the following:

- Death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- For Cause or Material Breach where Cause is defined as conviction of certain crimes and/or felonies, and Material Breach is defined to include certain specified failures to perform duties or uphold fiduciary responsibilities; or
- Otherwise at the discretion of the Company and subject to the termination obligations set forth in the employment agreement.

The NEO may terminate the Term of Employment at any time upon the following:

- Upon the death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- Upon the Company's material reduction in the NEO's authority, perquisites, position, title or responsibilities or other actions that would give the NEO to resign for "Good Reason;" or
- Otherwise at the discretion of the NEO and subject to the termination obligations set forth in the employment agreement.

The benefits to be provided to the NEO in each of these situations are described in the tables below, which assume that the termination had taken place on June 30, 2008, the last day of our most recent fiscal year.

Termination after a Change in Control

The provisions in each of the employment agreements with respect to a termination after a Change in Control function in a similar manner to the severance provisions described above, except that the NEO becomes entitled to benefits under these provisions only if his employment is terminated within twelve months following a Change in Control. A Change in Control for this purpose is defined to mean (i) the acquisition by any person or entity of the beneficial ownership of securities representing 50% or more of the outstanding securities of the Company having the right under ordinary circumstances to vote at an election of the Board of Directors of the Company; (ii) the date on which the majority of the members of the Board of Directors of the Company consists of persons other than directors nominated by a majority of the directors on the Board of Directors at the time of their election; and (iii) the consummation of certain types of transactions, including mergers and the sale or other disposition of all, or substantially all, of the Company's assets.

As with the severance provisions described above, the rights to which the NEO is entitled under the Change in Control provision upon a termination of employment are dependent on the circumstances of the termination. The definitions of Cause and other reasons for termination are the same in this termination scenario as in a termination other than after a Change in Control.

Payment Obligations Under Employment Agreements Upon Termination of Employment of NEO

The following tables set forth SPACEHAB's payment obligations under the employment agreements under the circumstances specified upon a termination of the employment of our NEOs. Unless otherwise noted, the descriptions of the payments below are applicable to all of the tables relating to potential payments upon termination or a Change in Control.

Equity Acceleration – The Company's employment agreements include provisions to accelerate the vesting of outstanding equity awards upon termination, including termination pursuant to a Change in Control. The Compensation Committee oversees the Executive Stock Option Plan and is charged with the responsibility of reviewing and granting exceptions to previously issued equity grants on a case by case basis.

Health Care Benefits – The employment agreements generally provide that, after resignation for Good Reason or termination without Cause, our Company will continue providing medical, dental, and vision coverage to the NEO and the NEO's dependents at least equal to that which would have been provided if the NEO's employment had not terminated, if such coverage continues to be available to our Company, until the earlier of (a) the date the NEO becomes eligible for any comparable medical, dental, or vision coverage provided by any other employer of (b) the end date of an enumerated period following the NEO's date of termination.

Director Compensation

Overview

SPACEHAB's director compensation program consists of cash-based as well as equity-based compensation. The Board of Directors recognizes that cash compensation is an integral part of the compensation program and has instituted a fixed and variable fee structure to provide compensation relative to the required time commitment of each director. The equity component of SPACEHAB's director compensation program is designed to build an ownership stake in the Company while conveying an incentive to directors relative to the returns recognized by our shareholders.

Cash-Based Compensation

Company directors, other than the Chairman of the Audit Committee and Chairman of the Compensation Committee, receive an annual stipend of \$30,000 paid upon the annual election of each non-employee director or upon joining the Board of Directors. The Chairman of the Audit Committee receives an annual stipend of \$40,000 and the Chairman of the Compensation Committee receives an annual stipend of \$35,000, recognizing the additional duties and responsibilities of those roles. In addition, each non-employee director receives a meeting fee of \$3,000 for each meeting of the Board of Directors attended in person and \$1,000 for each such meeting attended by conference call and \$500.00 for each committee meeting attended, except that members of the Audit Committee are compensated at \$750.00 per meeting. All directors are reimbursed ordinary and reasonable expenses incurred in exercising their responsibilities in accordance the Company's Travel and Entertainment Expense Reimbursement policy applicable to all employees of the Company.

On October 17, 2007, Barry A. Williamson, Chairman of the Board of Directors since December 12, 2006, was awarded cash based compensation of \$60,000 for his services upon completion of a review and recommendation of an appropriate compensation package by the compensation consultant engaged by the Compensation Committee. Mr. Williamson's compensation as Chairman of the Board terminated on February 15, 2008.

On July 18, 2008, the Compensation Committee, with the concurrence of the Committee of Independent Directors, approved grants of unrestricted common stock of 200,000 shares to Mr. Williamson and 150,000 shares to Mr. Adams along with cash bonuses of \$36,200 and \$27,500 respectively reflecting the extraordinary services of such directors during the period of the Company's Restructuring and Transition.

Equity-Based Compensation

Under provisions adopted by the Board of Directors, each non-employee director receives 25,000 shares of restricted common stock issued upon his first election to the Board of Directors and an option to purchase an additional 20,000 shares of common stock upon each annual re-election to the Board of Directors. Stock options granted under the plan are priced at the closing market price of the Company's stock on the day of grant. Restricted stock and stock options granted under the plan vest 25% annually, beginning after 1 year, terminate in 10 years and do not expire upon termination of the director's term on the Board of Directors.

Pension and Benefits

The non-employee directors are not eligible to participate in the Company's benefits plans, including the 401(k) plan.

Indemnification Agreements

The Company is party to indemnification agreements with each of its directors that requires the Company to indemnify the directors to the fullest extent permitted by Washington state law. The Company's certificate of incorporation also requires the Company to indemnify both the directors and officers of the Company to the fullest extent permitted by Washington state law.

Item 13. Certain Relationships and Related Transactions and Director Independence.

Related Party Transactions

We engaged in certain transactions with directors and executive officers during the three months ended September 30, 2008 and September 30, 2007. Following is a description of these transactions:

Astrium GmbH

Dr. Graul, a member of SPACEHAB's Board of Directors until his resignation in August 2007, is the Executive Vice President for Astrium GmbH ("Astrium"). Astrium provides unpressurized payload and integration efforts to SPACEHAB on a fixed-price basis in addition to providing engineering services as required. For the three months ended September 30, 2007, Astrium's payload and integration services included in cost of revenue were approximately \$1.0 million. Astrium did not provide such services to the Company during the quarter ended

September 30, 2008. In August 2007 SPACEHAB terminated its ICC/VCC lease agreements with Astrium North America. We agreed to reimburse Astrium North America \$1.4 million upon termination of these leases and agreed to provide certain facilities for Astrium's use without cost to Astrium through December 2008.

Executive Credit Cards

Certain Named Executive Officers of the Company have company paid credit cards for ordinary business expenses. Although the Company pays the amounts on the credit cards, the executive officer is obligated to substantiate the charges and reimburse the Company for any non-business related charges. As of September 30, 2008 the Company had no outstanding receivables on such executive credit cards.

R. Scott Nieboer

On May 22, 2008, Mr. R. Scott Nieboer, a director of the Company, purchased through Trace Management LLC, an entity through which he has beneficial ownership, 400,000 shares of the Company's common stock on the open market and 1,063,828 shares of common stock through a private placement with the Company. The purchases were made at \$0.45 and \$0.47 per share, respectively.

On October 31, 2008, (see Note 14) Curtiswood Capital LLC sold \$1,750,000 principal amount of the Company's 5.5% convertible notes due October 2010 to the Company for \$1,085,000 plus accrued interest. Mr. Nieboer was a beneficial owner of the notes.

Director Independence

The Board of Directors has determined each of the following directors to be an "independent director" as such term is defined by Rule 4200(a)(15) of the NASD:

Mark E. Adams
R. Scott Nieboer
John A. Oliva
William F. Readdy
Barry A. Williamson

The Board of Directors has also determined that each member of the Audit Committee, and the majority of members of the Compensation Committee and the Corporate Governance and Nominating Committee during the past fiscal year meets the independence requirements applicable to those Committees prescribed by NASD and SEC rules.

Item 14. Principal Accounting Fees and Services.

The Company's Independent Registered Public Accounting Firm

On January 12, 2007, the Board of Directors appointed PMB Helin Donovan LLP as the new independent registered public accounting firm to audit the Company's financial statements. There were no discussions between the Company and PMB Helin Donovan LLP regarding the application of accounting principles to specific completed or contemplated transactions, or the type of audit opinion that might be rendered on the Company's financial statements. Furthermore, no written or oral advice was provided by PMB Helin Donovan LLP that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue. The Company has not consulted with PMB Helin Donovan LLP regarding any matter that was either the subject of a disagreement (as defined in paragraph (a)(1)(iv) of Item 304 of Regulation S-K and the related instructions to this item) or a reportable event (as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K).

The firm Hein & Associates LLP has been engaged by the Company to perform tax and other related work for the fiscal years ended June 30, 2008 and 2007 for which the summary of fees are set forth below. The Company also engaged Jefferson Wells Consulting in 2007 and Mahoney Cohen Consulting in 2008 to assess the Company's internal controls, policies and procedures in an effort to prepare for Sarbanes Oxley compliance.

The following table presents fees paid or to be paid for professional audit services rendered by PMB Helin Donovan LLP for the audit of the Company's annual financial statements during the years ended June 30, 2008 and 2007, and fees billed to date for other services rendered by Hein & Associates LLP, Jefferson Wells Consulting, and Mahoney Cohen Consulting:

	Fiscal 2008	Fiscal 2007
Grant Thornton LLP Audit Fees (1)	\$ —	\$ 194,200
PMB Helin Donovan LLP Audit Fees(1)	146,020	54,947
Tax Fees	56,448	92,697
All Other Fees	30,000	16,965
Total All Fees	\$ 232,468	\$ 358,809

(1) Audit Fees consisted of fees billed for professional services rendered for the audit of the Company's annual financial statements and review of the interim financial statements included in quarterly reports.

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of PMB Helin Donovan LLP, the Company's independent registered public accountants. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services to be provided by independent registered public accountants in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific audit, audit-related, and tax services that are eligible for general pre-approval. The policy requires specific pre-approval of the annual audit engagement, most statutory or subsidiary audits, and all permissible non-audit services for which no general pre-approval exists. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman the authority to grant certain specific pre-approvals; provided, however, that the Chairman is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the committee's responsibility to pre-approve services performed by the independent registered public accountants.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. In addition, each such request generally must include a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services, and a general timetable for the performance of such services.
