The Board of Directors and its Committees

Director Nomination Process

SPACEHAB's director nominees are approved by the Board after considering the recommendation of the Corporate Governance and Nominating Committee. A copy of the Corporate Governance and Nominating Committee's charter is available in the "Investor Info" section of the Company's website at www.spacehab.com.

The Corporate Governance and Nominating Committee has established certain criteria it considers as guidelines in considering nominations for the Board of Directors. The criteria include

- the candidate's independence;
- the candidate's depth of business experience;
- the candidate's availability to serve;
- the candidates integrity and personal and professional ethics;
- the balance of the business experience on the Board as a whole; and
- the need for specific expertise on the Board.

The criteria are not exhaustive and the Corporate Governance and Nominating Committee and the Board of Directors may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The Corporate Governance and Nominating Committee's goal is to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. In order to ensure that the Board consists of members with a variety of perspectives and skills, the Corporate Governance and Nominating Committee has not set any minimum qualifications and also considers candidates with appropriate non-business backgrounds. Other than ensuring that at least one member of the Board is a financial expert and a majority of the Board members meet all applicable independence requirements, the Corporate Governance and Nominating Committee does not have any specific skills that it believes are necessary for any individual director to possess. Instead, the Corporate Governance and Nominating Committee evaluates potential nominees based on the contribution such nominee's background and skills could have upon the overall functioning of the Board of Directors.

For purposes of the 2008 Annual Meeting, the Corporate Governance and Nominating Committee will consider any nominations received by the Secretary from a Shareholder of record on or before the 120th calendar day before the one-year anniversary date of the release of these proxy materials to Shareholders. Any such nomination must be accompanied in writing by all information relating to such person that is required under the federal securities laws, including such person's written consent to be named in the Proxy Statement as a nominee and to serving as a director, if elected, and to a background check. The nominating Shareholder must also submit their name and address, as well as that of the beneficial owner if applicable, and the class and number of shares of SPACEHAB Common Stock that are owned beneficially and of record by such Shareholder and such beneficial owner. Finally, the nominating Shareholder must discuss the nominee's qualifications to serve as a director.

Committees of the Board of Directors

The Committees of the Board of Directors consist of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee. Information concerning the committees is set forth below.

The Audit Committee, which is composed solely of independent directors that meet the requirements of NASD and SEC rules, operates under a written charter adopted by the Audit Committee and approved by the Board of Directors on May 13, 2004. The Audit Committee is responsible for appointing and compensating a firm of independent registered public accountants to audit the Company's financial statements, as well as oversight of the performance and review of the scope of the audit performed by the Company's independent registered public accountants. The Audit Committee also reviews audit plans and procedures, changes in accounting policies, and the use of the independent registered public accountants for non-audit services. As of the end of fiscal year 2007, the Audit Committee consisted of Mr. Goins (Chairman), Mr. Williamson, and Mr. Adams. During fiscal year 2007, the Audit Committee met seven times. Mark Adams

Barry A. Williamson

The Board of Directors has also determined that each member of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee during the past fiscal year and proposed for the upcoming fiscal year meets the independence requirements applicable to those committees prescribed by NASD and SEC rules.

The Board of Directors does not have an audit committee financial expert serving on its audit committee since the resignation of Myron J. Goins. The Company is conducting a search for a qualified replacement.

The Compensation Committee, which is composed solely of independent directors that meet the requirements of NASD and SEC rules, operates under a written charter adopted by the Compensation Committee and approved by the Board of Directors on May 13, 2004, and amended on May 12, 2005. The

The Compensation Committee administers the Company's 1994 Stock Incentive Plan, the 1995 Directors' Stock Option Plan, and the Employee Stock Purchase Plan in accordance with the terms and conditions set forth in those plans. The Compensation Committee also has the authority to retain, approve fees and other terms for, and terminate any compensation consultant, outside counsel, accountant or other advisor hired to assist the Compensation Committee in the discharge of its responsibilities. As of the end of fiscal year 2007, the Compensation Committee consisted of Mr. Williamson (Chairman), Dr. David, and Mr. Goins. During fiscal year 2007, the Compensation Committee met three times. Dr. David and Mr. Goins have since resigned from the Board of Directors.

The Corporate Governance and Nominating Committee was created by the Board of Directors on February 17, 2004. The primary purpose of the Corporate Governance and Nominating Committee is to provide oversight on the broad range of issues surrounding the composition and operation of the Board of Directors, including identifying individuals qualified to become Board members and recommending to the Board director nominees for the next Annual Meeting of Shareholders. As of the end of fiscal year 2007 the Corporate Governance and Nominating Committee consisted of Mr. Adams (Chairman), Dr. David, and Mr. Goins. During fiscal year 2007, the Corporate Governance and Nominating Committee met three times. Dr. David and Mr. Goins have since resigned from the Board of Directors.

Code of Ethics and Business Conduct

The Company's Code of Ethics and Business Conduct applies to all directors, officers, and employees of SPACEHAB. The key principles of this code include acting legally and ethically, speaking up, getting advice, and dealing fairly with the Company's Shareholders. The Code of Ethics and Business Conduct is available on the Company's website at www.spacehab.com and is available to the Company's Shareholders upon request. The Code of Ethics and Business Conduct meets the requirements for a "Code of Conduct" under the National Association of Securities Dealers, Inc. ("NASD") rules and the SEC rules for financial officers.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers and persons who beneficially own more than 10% of the Company's Common Stock to file reports of ownership and changes in ownership with the SEC. Such directors, executive officers, and greater than 10% Shareholders are required by SEC regulation to furnish to the Company copies of all Section 16(a) forms they file. Due dates for the reports are specified by those laws, and the Company is required to disclose in this document any failure in the past fiscal year to file by the required dates. Based solely on written representations of the Company's directors and executive officers and on copies of the reports that they have filed with the SEC, the Company's belief is that all of SPACEHAB's directors and executive officers complied with all filing requirements applicable to them with respect to transactions in the Company's equity securities during fiscal year 2006.

Item 11. Executive Compensation

Compensation Discussion and Analysis

Overview

SPACEHAB is a developer and operator of space flight hardware assets, a provider of manned and unmanned payload processing services, and an innovator in space commerce and developing space utilization applications. In anticipation of the planned 2010 space shuttle retirement, our Company began developing new products and services within our strategic focus on the commercial exploitations of space.

Achieving our Company's aspirations requires a highly skilled and highly motivated employee team. Thus, our compensation system is designed to be highly competitive with those of other companies that compete

for highly skilled technical employees and executives. Our performance-based compensation system is intended to include incentives for innovation and entrepreneurial spirit.

Guiding Principles

The Compensation Committee strives to achieve our strategic objectives by designing our compensation program to offer competitive base compensation to attract and retain experienced, and highly qualified executive officers while offering incentives to foster the innovation and entrepreneurial spirit necessary for executing our business strategy and rewards for successful achievement of performance goals. In designing our executive compensation program, we are guided by five principles:

- Establish target compensation levels that are competitive within the industries and the markets in which we compete for executive talent;
- Structure executive compensation so that our executives share in SPACEHAB's successes and failures by correlating compensation with target levels based upon business performance;
- Link pay to performance by making a substantial percentage of total executive compensation variable, or "at risk", through an annual determination of performance-based incentive compensation;
- Align a significant portion of executive pay with stockholder interests through equity awards; and
- Maintain a company-wide entrepreneurial atmosphere by eliminating special "executive only" benefits or prerequisites.

Operation of the Compensation Committee

The Compensation Committee of the Board of Directors administers our executive compensation program. The Committee establishes and monitors the Company's overall compensation strategy to ensure that executive compensation supports the Company's business objectives. In carrying out its responsibilities, the Compensation Committee reviews and determines the compensation (including salary, annual incentives, short-term incentives, long-term incentives and other benefits) of the Company's Chief Executive Officer ("CEO") and certain named executive officers ("NEOs"). References to "CEO" in the Compensation Discussion and Analysis are to Michael Kearney and Thomas B. Pickens, each of whom were the Company's Chief Executive Officer during part of our fiscal year 2007.

For a more complete discussion of the responsibilities of the Compensation Committee, see the Committees of the Board of Directors on page 6, and the charter for the Compensation Committee posted on our website at www.spacehab.com.

The Compensation Program

The key components of our current compensation program for SPACEHAB executive officers are:

- Base salary;
- Short-term (annual) cash incentives;
- Long-term performance-based and other equity awards; and
- Other benefits.

To remain competitive, the Committee periodically benchmarks our executive compensation program to determine how well actual compensation targets and levels compare to our overall philosophy and target markets. The primary focus of the benchmarking process is on public companies in the aerospace, defense and government contractor industries of similar or otherwise comparable size and complexity. Our benchmarking peer group consists of SpaceDev, Inc.; Integral Systems, Inc.; Axsys Technologies; Ceradyne Inc.; First Aviation Services; Herley Industries, Inc.; Allied Defense Group; Sypris Solutions, Inc.; and Orbital Sciences Corporation. This benchmarking considers information from proxy data for our CEO and NEOs and was last updated and presented to the Compensation Committee at its August 6, 2006 meeting. Given our size and recent changes in our business and revenue mix, the actual companies used in the benchmarking process may vary from year to year, but generally the comparisons consider practices of other comparable companies with revenues that generally, for Fiscal Year 2007, range from \$10 million to \$700 million.

The Compensation Committee retains an outside consultant, Strategic Compensation Research Associates ("SCRA"), to assist the Committee and to insure that the total compensation, not just base salaries, paid to its executive officers are fair and equitable and are determined in accordance with the Guiding Principles

discussed above. The Compensation Committee met on August 6, 2006 to approve base salaries for Mr. Kearney, then CEO of the Company, and to review and approve salaries for the other NEOs at that time. The Board of Directors, with the advice of the Compensation Committee and its compensation consultant, met on March 22, 2007 to approve the base salary for Mr. Pickens who assumed the role of CEO on January 1, 2007 upon Mr. Kearney's retirement. The Board of Directors met on December 12, 2006, December 29, 2006, and June 7, 2007 to approve the appointment of other NEOs and to approve base salaries upon those appointments.

Other Considerations in Determining Executive Compensation

We believe that our Executive Compensation Program provides consistency and predictability among our senior management that focuses and compensates them on the overall goals of the Company. Each element of our Executive Compensation Program is structured towards specific objectives and accordingly, individual awards are not influenced by gains realized in prior years or awards in other components of Executive Compensation. In accordance with this philosophy, incentive objectives, once determined, are not adjusted for individual executives and stock options once granted, are not repriced except pursuant to the terms of the plan. Unique individual situations, when deemed appropriate by the Compensation Committee, are considered through terms of employment agreements, bonus payments other than bonus pursuant to the Short Term Cash Incentive Plan or individual grants of stock options.

Role of the Compensation Committee and CEO in Determining Executive Compensation

For fiscal year 2007, our CEO, Mr. Kearney provided to the Compensation Committee his recommendations with respect to potential compensation for the named executive officers who report to him. The Compensation Committee reviewed and gave considerable weight to these recommendations because of Mr. Kearney's direct knowledge of the other executives' performance and contributions. The Compensation Committee ultimately used its collective judgment to determine the base salaries, the bonus formulae, financial performance goals and amounts of the resulting target bonuses under the Bonus Plan and the size of each stock option grant, in each case for the named executive officers. Mr. Pickens, who became our CEO in January 2007 was awarded his compensation based on the collective judgment of the Compensation Committee and upon the advice and consultation of SCRA, the Compensation Committee retained compensation consultant. Mr. Pickens was not present at any meeting of the Compensation Committee where his compensation was discussed or determined.

Base Salary

Base salary is designed to compensate our NEOs in part for their roles and responsibilities, and also to provide a stable and fixed level of compensation that serves as a retention tool throughout the executive's career. The Company has employment agreements with most, but not all, of its NEOs that provide for a minimum base salary. These initial base salaries were set considering each executive's roles and responsibilities at the time he or she joined the Company or the agreements were later negotiated, considering the skills and future potential of the NEO with the Company, along with salary levels for similar positions in our target market. Typically, the Compensation Committee reviews the base salaries of each NEO annually. Adjustments are made based on individual performance, changes in roles and responsibilities, and external market data for similar positions. Salaries are targeted at approximately the 50th percentile for similar positions within our market, based on the Compensation Committee's ongoing review of the benchmarking results.

In general, base salary has been the largest component of our overall compensation package. Short-term cash incentives, discussed below, are targeted at a fraction of base salary amounts and are scaled in accordance with the achievement of performance goals. Long-term equity incentives have had little value over recent years due to the decline in the Company's stock prices resulting from disruptions in the space shuttle program. Due to the impact of these industry disruptions on our short-term cash incentives and long-term equity incentives, base salary currently plays a more substantial role in our overall executive compensation structure than it is intended.

Short-term Cash Incentives

We provide annual incentive awards under our Key Employee Incentive Bonus Plan (the "Bonus Plan") usually in cash. These short-term cash incentives are designed to reward the achievement of specific, pre-

set financial results measured over the fiscal year in which that compensation is earned. Generally, we compute the Bonus Plan after the end of each fiscal year and make the cash awards during the first quarter of the next fiscal year. The Bonus Plan encompasses all employees of the Company based upon maximum award levels stated as a percentage of base salary (“Payout Percentage”). The maximum award levels are set within our salary-grade structure for each salary grade ranging from 2% for all employees below our “Director Level” (the salary-grade level just below Vice President) and range from 25% for Director Level to 50% for Chief Executive Officer.

The Bonus Plan generally encompasses four “Bonus Objectives” set by the Compensation Committee at the beginning of the fiscal year. Each Bonus Objective carries a weight, (generally 25%) of the total Payout Percentage of the Bonus Plan. The sum of the Payout Percentage for each of the Bonus Objectives, ranging from 0 to 100%, then is applied to the award levels, discussed in the preceding paragraph, for each employee to determine the Bonus Award. For fiscal year 2007, the Compensation Committee had established the following four Bonus Objectives:

- Positive Net Income – A Payout Percentage of 25% would be awarded if the Company achieved positive net income for fiscal year 2007.
- Operating Income Performance – A Payout Percentage of 5% would be awarded if adjusted operating income exceeded \$235,000 and an additional 5% would be awarded for each additional increment of \$235,000, up to a total Payout Percentage of 25%.
- Cash Flow Performance – A Payout Percentage of 5% would be awarded if adjusted cash flow from operations exceeded \$242,000 and an additional 5% would be awarded for each additional increment of \$242,000, up to a total Payout Percentage of 25%.
- Backlog - A Payout Percentage of 5% would be awarded if the Company’s June 30, 2007 backlog exceeded \$2,845,000 and an additional 5% would be awarded for each additional increment of \$2,845,000, up to a total Payout Percentage of 25%.

Given the vagaries of the marketplace and the possibility of unforeseen developments, the Compensation Committee has discretionary authority to adjust such awards to reflect actual performance in light of such developments or to make other discretionary adjustments to the overall Payout Percentage or to individual employee bonuses. Bonus maximum award levels range from 30% to 50% of base salaries for our NEOs. On average, we target our short term cash incentives to comprise approximately 15% of the total compensation package of our NEOs.

For fiscal year 2007, the Company reported negative net income and failed to achieve the required threshold in each of the other three Bonus Objectives and, accordingly, no payments were made under the Bonus Plan. Since there were no payouts under the Bonus Plan, short-term cash incentives were not a component of executive compensation for fiscal year 2007.

Long-term Non-cash Incentive Awards

Our long-term incentive awards are used to link Company performance and increases in Shareholder value to the total compensation for our NEOs. These awards are also key components of our ability to attract and retain our NEOs. The annualized value of the awards to our NEOs is intended to be the largest component of our overall compensation package. On average, and assuming performance is on target, these awards currently represent over 10% of the total compensation package, consistent with our emphasis on linking executive pay to Shareholder value.

Our Shareholder-approved incentive plans allow for the granting of stock options based upon SPACEHAB’s stock prices in the public markets. Stock options are granted with an exercise price not less than the market price of our common stock on the grant date. Options generally vest over a period of four years with 25% becoming exercisable on each anniversary of the grant date as long as the recipient is still employed by the Company on the date of vesting, and generally expire after ten years. Stock options only have value if the Company’s stock price appreciates after the options are granted.

Stock options are generally granted annually at about the same time as awards of the Key Employee Incentive Bonus Plan. Awards are made to all employees, including NEOs, at the Director Level or higher. The target awards are set for NEOs and other employees of the Company based upon salary-grade levels within our compensation system and range from 4,000 shares for Director Level to 41,000 shares for the

Chief Executive Officer. The Company's NEOs, other than the Chief Executive Officer receive 12,000 to 20,000 shares. Stock option awards were made in August 2006 in amounts for our NEOs as set forth in the table labeled Fiscal Year 2007 Grants of Plan-Based Awards on page 13.

Benefits

Our benefit programs are established based upon an assessment of competitive market factors and a determination of what is needed to attract and retain high caliber executives. SPACEHAB's primary benefits for executives include participation in the Company's broad-based plans: the 401(k) Plan, the employee stock purchase plan, the Company's health, dental and vision plans and term life and disability insurance plans. The Company also provides certain executives, including some NEOs, with supplemental disability insurance. This plan offers additional income protection to Senior Vice Presidents and above and is provided to supplement the monthly benefit amounts that are capped in the general disability policy. The Company provides 1.5 times the NEO's annual base salary to a maximum of \$300,000 in term life insurance and pays the premium for such insurance. The fair value of premiums paid in excess of IRS limitations are included as other income reported for the NEO.

Indemnification Agreements

The Company has entered into indemnification agreements with each of its NEOs. The agreements provide that the Company shall indemnify and hold harmless each indemnitee from liabilities incurred as a result of such indemnitee's status as an officer, or employee of the Company, subject to certain limitations.

Post-Termination Compensation

The Compensation Committee believes that severance benefits and change of control benefits are necessary in order to attract and retain the caliber and quality of executive that the Company needs in its most senior positions. These benefits are particularly important in an industry subject to rapid technical change and influenced by changes in political priorities, providing for continuity of senior management and helping executives focus on results and strategic initiatives.

Each of our NEOs, with the exception of our Chief Executive Officer and our Chief Technology Officer, have employment agreements that provide for severance payments and benefits if termination occurs without "cause" or if the executive leaves for "good reason". There is also additional compensation provided for our Chief Financial Officer in circumstances following such termination after a "Change in Control," as defined in the employment agreement. Our Chief Financial Officer's employment agreement terminates on December 31, 2007 and has not been renewed. Additional information regarding the severance and change in control payments, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on June 30, 2007, is found under Potential Payments upon Termination or Change in Control beginning on page 15.

During fiscal year 2007 several of our executive officers were terminated as defined in their employment agreements. A summary of their termination benefits is provided on page 16.

Stock Ownership Guidelines

The Company has not established stock ownership guidelines.

Tax Deductibility Policy

The Compensation Committee considers the deductibility of compensation for federal income tax purposes in the design of the Company's compensation programs. We believe that all of the incentive compensation paid to our NEOs for fiscal year 2007 qualifies as "performance-based compensation" and thus, is fully deductible by the Company for federal income tax purposes. While we generally seek to ensure the deductibility of the incentive compensation paid to our NEOs, the Compensation Committee intends to retain the flexibility necessary to provide cash and equity compensation in line with competitive practice, our compensation philosophy, and the best interest of our Shareholders even if these amounts are not fully tax deductible.

Executive Compensation

The Summary Compensation Table provides compensation information about our principal executive officer, principal financial officer and the most highly compensated executive officers other than the principal executive officer and principal financial officer. Additionally, the table also lists our former principal executive officer and three former executives who served as executive officers during part of fiscal year 2007, but who were not executive officers at fiscal year-end whose total compensation earned for the portion of the year served would otherwise make such former executives one of the three most highly compensated executives for fiscal year 2007.

Employment Agreements

At the close of fiscal year 2007, the Company had employment agreements with Mr. Harrington, Mr. Royston and Mr. Bowker. Mr. Pickens, Mr. Moore and Mr. Morgan do not have employment agreements. Mr. Kearney, Mr. Bain and Mr. Chewning had employment agreements at the time of their termination of employment. Each employment agreement sets forth, among other things, the NEO's minimum base salary, bonus opportunities and provisions with respect to certain payments and other benefits upon termination of employment under certain circumstances (such as without "Cause" or leaving employment of "Good Reason," as defined in the agreements) or, in certain agreements, after a change in control of the Company. Please see Potential Payments Upon Termination or Change in Control beginning on page 15 for a description of such provisions and for a description of post termination payments paid to Mr. Kearney, Mr. Bain and Mr. Chewning.

The minimum base salary set in the employment agreement for Mr. Harrington is \$200,000, for Mr. Royston \$180,000, and for Mr. Bowker \$178,000. The Compensation Committee increased Mr. Harrington's base salary to \$225,000 in August, 2005. The Compensation Committee has established a base salary of \$350,000 for Mr. Pickens, \$175,000 for Mr. Moore and \$116,000 for Mr. Morgan. Mr. Kearney, Mr. Bain and Mr. Chewning were paid their salary pro rata through the date of their termination of employment from the Company.

The NEOs participate in the Key Employee Incentive Bonus Plan in accordance with the terms of the plan which includes all employees of the Director Level and above. In accordance with that Plan, Mr. Pickens receives a maximum bonus of 50%, Mr. Royston 35%, Mr. Harrington 35%, and Mr. Moore 35%. In accordance with the plan, Mr. Bowker and Mr. Morgan receive 30%.

Awards

In August 2006 the Compensation Committee awarded stock options to the Company's NEOs in accordance with the Annual Stock Option Grant Program. The Compensation Committee also awarded bonuses to employees other than NEOs under the Key Employee Incentive Bonus Plan for fiscal year 2006. Mr. Royston was awarded a bonus of \$4,981.97 at this time. The Company failed to achieve any of the four Bonus Objectives in the Key Employee Incentive Bonus Plan for fiscal year 2007 and, accordingly, no bonuses were awarded. The Compensation Committee also did not award stock option grants under the Annual Stock Option Grant Program for fiscal year 2007.

Recognizing the Company's restructuring and recapitalization initiatives at the beginning of fiscal year 2007, the Compensation Committee has not established Bonus Objectives under the Key Employee Incentive Bonus Plan for fiscal year 2008.

Salary and Bonus in Proportion to Total Compensation

As noted in the Compensation Discussion and Analysis beginning on page 7, we believe that a substantial portion of each NEO's compensation should be in the form of performance based awards, including stock option awards. During fiscal year 2007, the Company failed to achieve any of its Bonus Objectives and, accordingly, no Incentive Bonus Awards were made. Total compensation of our NEOs due to no achievement of the Incentive Bonus Objectives, was substantially all in the form of base salary and benefits. The Compensation Committee believes that our current compensation program is out of line with the changing industry environment of the space industry and the required entrepreneurial commitment of its NEOs and has engaged its compensation consultant to assist the committee in developing a new equity incentive based compensation structure for fiscal year 2008 and later years.

Pension Benefits

All employees of the Company, including NEOs are eligible to participate in the SPACEHAB 401(k) plan. In accordance with this plan, employees are eligible to contribute up to 25% of their base salary subject to Internal Revenue Service limitations into the plan with all such contributions being fully vested upon contribution. The Company will match, dollar for dollar, up to 5% of the employee's contributions. Employer contributions into the plan vest pro-rata after 3 years of vesting service and are fully vested thereafter. The Company has no additional Pension Benefits for its NEOs.

The Company has no Nonqualified Deferred Compensation Plans and none of the NEOs have accrued any benefits or rights to payments other than the SPACEHAB 401(k) Plan and potential payments upon termination discussed below.

Potential Payments Upon Termination or Change in Control

As noted under Compensation Discussion and Analysis – Post-Termination Compensation on page 11, we have entered into employment agreements with some of our NEOs that provide for payments and other benefits in connection with the officer's termination for a qualifying event or circumstance and, in some

agreements, for enhanced payments in connection with such termination after a Change in Control (as defined in the applicable agreement). A description of the terms with respect to each of these types of terminations follows.

Termination Other Than After a Change in Control

The employment agreements for Mr. Royston, Mr. Bowker, Mr. Kearney, Mr. Bain and Mr. Chewing provide or provided for payments of certain benefits, as described below, upon the termination of the employment of the NEO. The NEO's rights upon termination of his or her employment depend upon the circumstances of the termination. Central to an understanding of the rights of each NEO under the employment agreements is an understanding of the definitions of "Cause" and "Good Reason" that are used in those agreements. For purposes of the employment agreements, the Term of Employment may be terminated at any time by the Company upon the following:

- Death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- For Cause or "Material Breach" where Cause is defined as conviction of certain crimes and/or felonies, and Material Breach is defined to include certain specified failures to perform duties or uphold fiduciary responsibilities;
- In the event of continuous poor or unacceptable performance of duties; or
- Otherwise at the discretion of the Company and subject to the termination obligations set forth in the employment agreement.

The NEO may terminate the Term of Employment at any time upon the following:

- Upon the death of the NEO;
- In the event of physical or mental disability where the NEO is unable to perform his/her duties;
- Upon the Company's material reduction in the NEO's authority, perquisites, position, title or responsibilities; or
- Otherwise at the discretion of the NEO and subject to the termination obligations set forth in the employment agreement.

The benefits to be provided to the NEO in each of these situations are described in the tables below, which assume that the termination had taken place on June 30, 2007, the last day of our most recent fiscal year.

Termination after a Change in Control

The provisions in Mr. Harrington's employment agreement with respect to a termination after a Change in Control function in a similar manner to the severance provisions described above, except that Mr. Harrington becomes entitled to benefits under these provisions only if his employment is terminated within twelve months following a Change in Control. A Change in Control for this purpose is defined to mean (i) the acquisition by any person or entity of the beneficial ownership of securities representing 20% or more of the outstanding securities of the Company having the right under ordinary circumstances to vote at an election of the Board of Directors of the Company; (ii) the date on which one-third or more of the members of the Board of Directors of the Company consists of persons other than directors nominated by a majority of the directors on the Board of Directors at the time of their election; and (iii) the consummation of certain types of transactions, including mergers and the sale or other disposition of all, or substantially all, of the Company's assets.

As with the severance provisions described above, the rights to which Mr. Harrington is entitled under the Change in Control provision upon a termination of employment are dependent on the circumstances of the termination. The definitions of Cause and other reasons for termination are the same in this termination scenario as in a termination other than after a Change in Control.

Payment Obligations Under Employment Agreements Upon Termination of Employment of NEO

The following tables set forth our payment obligations under the employment agreements under the circumstances specified upon a termination of the employment of our NEOs. Unless otherwise noted, the descriptions of the payments below are applicable to all of the tables relating to potential payments upon termination or a Change in Control.

Equity Acceleration – The Company has no agreements to accelerate the vesting of outstanding equity awards upon termination, including termination pursuant to a Change in Control. The Compensation Committee oversees the Executive Stock Option Plan and is charged with the responsibility of reviewing and granting exceptions to previously issued equity grants on a case by case basis.

Health Care Benefits – The employment agreements generally provide that, after resignation for Good Reason or termination without Cause, our Company will continue providing medical, dental, and vision coverage to the NEO and the NEO’s dependents at least equal to that which would have been provided if the NEO’s employment had not terminated, if such coverage continues to be available to our Company, until the earlier of (a) the date the NEO becomes eligible for any comparable medical, dental, or vision coverage provided by any other employer of (b) the end date of an enumerated period following the NEO’s date of termination. For each of the NEOs employed by the Company as of June 30, 2007 with employment agreements outstanding, this date is six months after the date of termination, except for Mr. Harrington, who in the event of a Change in Control, would be eligible for continued benefits for twelve months.

Director Compensation

Overview

Our director compensation program consists of cash-based as well as equity-based compensation. The Board of Directors recognizes that cash compensation is an integral part of the compensation program and has instituted a fixed and variable fee structure to provide compensation relative to the required time commitment of each director. The equity component of our director compensation program is designed to build an ownership stake in the Company while conveying an incentive to directors relative to the returns recognized by our stockholders.

Cash-Based Compensation

Our directors receive an annual stipend of \$20,000 paid upon the annual election of each non-employee director or upon joining the Board of Directors. The Chairman of the Audit Committee receives an annual stipend of \$25,000 recognizing the additional duties and responsibilities of that role. In addition, each non-employee director receives a meeting fee of \$1,000 for each meeting of the Board of Directors attended and \$500.00 for each committee meeting attended, except that members of the Audit Committee are compensated at \$750.00 per meeting. All directors are reimbursed ordinary and reasonable expenses incurred in exercising their responsibilities in accordance the Company's Travel and Entertainment Expense Reimbursement policy applicable to all employees of the Company.

On October 17, 2007, Barry A. Williamson, Chairman of the Board of Directors since December 12, 2006, was awarded cash based compensation of \$60,000 for his services upon completion of a review and recommendation of an appropriate compensation package by the compensation consultant engaged by the Compensation Committee.

Equity-Based Compensation

Under the Director's Stock Option Plan, each non-employee director receives an option to purchase 10,000 shares of common stock issued upon his first election to the Board of Directors and an option to purchase an additional 5,000 shares of common stock upon each annual re-election to the Board of Directors. The Director's Stock Option Plan is administered by the terms of the plan without the requirement for specific Compensation Committee or Board of Directors action upon grant. Stock options granted under the plan are priced at the closing market price of the Company's stock on the day of grant, vest after 1 year, terminate in 7 years and do not expire upon termination of the director's term on the Board of Directors.

Pension and Benefits

Our non-employee directors are not eligible to participate in the Company's benefits plans, including the 401(k) plan.

Indemnification Agreements

The Company is party to indemnification agreements with each of its directors that requires the Company to indemnify the directors to the fullest extent permitted by Washington state law. The Company's certificate of incorporation also requires the Company to indemnify both the directors and officers of the Company to the fullest extent permitted by Washington state law.

Item 14. Principal Accounting Fees and Services.

The Company's Independent Registered Public Accounting Firm

On January 12, 2007, the Company's Audit Committee approved the dismissal of its independent registered public accounting firm Grant Thornton LLP. Grant Thornton LLP has audited the Company's financial statements since its appointment in fiscal year 2004 through the first quarter of fiscal year 2007. Grant was the principal accountant of the registrant's financial statements for the fiscal year ended June 30, 2006. Grant Thornton's report on the financial statements for the fiscal years ended June 30, 2006 did not contain an adverse opinion or disclaimer of opinion, nor were they modified or qualified as to uncertainty, audit scope or accounting principles.

In connection with the audits for the fiscal year ended June 30, 2006 and through January 12, 2007, there were no disagreements with Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton LLP, would have caused them to make reference in connection with their opinion to the subject matter of the disagreement.

On January 12, 2007, the Board of Directors appointed PMB Helin Donovan LLP as the new independent registered public accounting firm to audit the Company's financial statements. There were no discussions between the Company and PMB Helin Donovan LLP regarding the application of accounting principles to specific completed or contemplated transactions, or the type of audit opinion that might be rendered on the Company's financial statements. Furthermore, no written or oral advice was provided by PMB Helin Donovan LLP that was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue. The Company has not consulted with PMB Helin Donovan LLP regarding any matter that was either the subject of a disagreement (as defined in paragraph (a)(1)(iv) of Item 304 of Regulation S-K and the related instructions to this item) or a reportable event (as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K).

The firm Hein & Associates LLP has been engaged by the Company to perform Tax and Other Related work for the fiscal years ended June 30, 2007 and 2006 for which the summary of fees are set forth below. The Company has also engaged Jefferson Wells Consulting firm to access the Company's internal controls, policies and procedures in an effort to prepare for Sarbanes Oxley compliance.

Representatives of PMB Helin Donovan LLP are expected to be present at the Annual Meeting, and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The following table presents fees paid or to be paid for professional audit services rendered by Grant Thornton LLP and PMB Helin Donovan LLP for the audit of the Company's annual financial statements during the years ended June 30, 2007 and 2006, and fees billed for other services rendered by Hein & Associates LLP and Jefferson Wells Consulting:

All Other Fees	16,965	189,502
Total All Fees	\$ 358,809	\$ 486,290

Audit Committee Pre-Approval Policy

The Audit Committee is responsible for appointing, setting compensation for, and overseeing the work of PMB Helin Donovan LLP, the Company's independent registered public accountants. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services to be provided by independent registered public accountants in order to assure that the provision of such services does not impair the auditors' independence. The policy, as amended, provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific audit, audit-related, and tax services that are eligible for general pre-approval. The policy requires specific pre-approval of the annual audit engagement, most statutory or subsidiary audits, and all permissible non-audit services for which no general pre-approval exists. For both audit and non-audit pre-approvals, the Audit Committee will consider whether such services are consistent with applicable law and SEC rules and regulations concerning auditor independence.

The policy delegates to the Chairman the authority to grant certain specific pre-approvals; provided, however, that the Chairman is required to report the granting of any pre-approvals to the Audit Committee at its next regularly scheduled meeting. The policy prohibits the Audit Committee from delegating to management the committee's responsibility to pre-approve services performed by the independent registered public accountants.

Requests for pre-approval of services must be detailed as to the particular services proposed to be provided and are to be submitted by the CFO. In addition, each such request generally must include a detailed description of the type and scope of services, proposed staffing, a budget of the proposed fees for such services, and a general timetable for the performance of such services.
